This filing is made pursuant to Ordering Clause #2 of this Commission's October 3, 2014 Order in Case 09-M-0527. This filing moves originating intrastate switched access rates to the corresponding interstate access rates levels.

Direct Trunked Transport facilities channel mileage and Local Transport Facility mileage associated with RTU interconnections are being removed from the tariff since these charges no longer apply.

The telecommunications industry will be informed of these changes via an Industry Letter in December 2015. Therefore, Verizon respectfully requests that the requirements of newspaper publication be waived.

Please contact me if you have any questions about the revised tariff.

Very truly yours,
