**Re: Case 15-E-0518, Recovery through the Market Supply Charge of Certain
NYISO Tariff Charges**

Dear Secretary Burgess:

On September 10, 2015, Consolidated Edison Company of New York, Inc. (the "Company") made a tariff filing with the Public Service Commission proposing changes to the Company's Schedule for Electricity Service, P.S.C. No. 10 – Electricity to provide for recovery of certain NYISO charges through the Market Supply Charge. The tariff changes were proposed to become effective on December 27, 2015.

At the request of the Staff of the Department of Public Service, the Company is postponing to January 26, 2016, the effective date of the tariff changes that were filed on September 10, 2015. Accordingly, the Company hereby submits Supplement No. 33 to P.S.C. No. 10 – Electricity to postpone the effective date of the tariff changes to January 26, 2016.

The Supplement is issued on 30 days' notice and has an effective date of January 15, 2016. However, since the tariff leaves currently have an effective date of December 27, 2015, the Company requests that it be authorized to put the Supplement filed today into effect on short notice, i.e., December 27, 2015. The Company also respectfully requests waiver of notice requirements of the proposed change in the effective date.

Sincerely,
