Re: Case 15-E-0126 Central Hudson Gas & Electric Corporation
LED Street Lighting

Dear Commissioners:

The supplement set forth below is filed by Central Hudson Gas & Electric Corporation ("Central Hudson" or "the Company") on July 13, 2015 to become effective on October 1, 2015. Short notice is requested for this filing to become effective on less than thirty days' notice on August 1, 2015, the proposed effective date of this filing.

P.S.C. No. 15 – Electricity

Supplement No. 78

On February 26, 2015, Central Hudson submitted a tariff filing proposing the addition of a new LED option under Rate A (Company owned and maintained) of Service Classification No. 8- Public Street and Highway Lighting, to become effective on July 1, 2015. The Company also submitted on June 4, 2015, a request for postponement to become effective August 1, 2015.

The purpose of this filing is to respond to Staff's request for additional time to allow Staff the opportunity to further complete their analysis.

Since the Company already indicated in the initial filing that the requirements of 66(12)(b) of the Public Service Law would be satisfied, we would ask that an additional publication due to this extension be waived.

Questions related to this filing should be directed to Darlene Clay at (845) 486-5466 or dclay@cenhud.com.

Yours very truly,
