RE: Case No. 15-E-0444-Revisions to Rule 35 of PSC No. 220

Dear Secretary Burgess:

The enclosed leaf, issued by Niagara Mohawk Power Corporation d/b/a National Grid, is being transmitted for filing in accordance with the requirements of the New York State Public Service Commission ("Commission").

Third Revised Leaf No. 196

To PSC No. 220 Electricity

Effective: November 23, 2015

On July 27, 2015 the Company submitted a filing proposing to revise Rule No. 35 – Cable System Operator and Telecommunication Service Provider Wire Line Attachment Rates to Electric Distribution Poles including Wireless Attachment Rates

It was discovered through the course of reviewing the filing that the above leaf, submitted in the original filing of July 27, 2015, needed to be updated for correct rates. Leaf No. 196 has been revised to correct these incorrect rates which were erroneously submitted with this filing.

As requested in the original filing of July 27, waiver of newspaper advertising as required by §66(12)(b) of the Public Service Law is requested for this filing since the attachers will be notified of this filing.

Any questions regarding this filing may be directed to Mr. Edward (Ted) Lombardi, Manager, Outdoor Lighting and Attachments, (781) 907-3256.

Sincerely,

/s/ Patricia J. Rivers
