**Re: Case 09-M-0311, Temporary Annual Assessment to be Collected
Under the Steam Tariff Pursuant to Public Service Law §18-a(6)**

Dear Secretary Burgess:

Consolidated Edison Company of New York, Inc. (“Con Edison” or the “Company”) herein submits for filing with the New York Public Service Commission (the “Commission”) the following Statement of Temporary State Assessment Surcharge to the Company’s Schedule for Steam Service, P.S.C. No. 4 – Steam (“Steam Tariff”), applicable to its customers in the Borough of Manhattan, New York City.

Submitted herewith is the following Statement, which has an effective date of July 1, 2015:

Statement of Temporary State Assessment Surcharge
TSAS – Statement No. 7 to P.S.C. No. 4 – Steam

Reason for Filing

This Statement is being filed pursuant to the Commission’s June 19, 2009 Order (“June 2009 Order”), May 16, 2013 Order (“May 2013 Order”), June 18, 2014 Order (“June 2014 Order”) and April 17, 2015 Order (“April 2015 Order”) in the above-referenced case and the provision entitled “Temporary State Assessment Surcharge,” in General Information Section 5.2 of P.S.C No. 4-Steam. The June 2009 Order and this provision require that the Company file a Statement no less than fifteen days before the start of the period that the Public Service Law (“PSL”) §18-a surcharges are to be in effect. In accordance with this tariff provision, revised surcharges have been designed to collect PSL §18-a amounts required to be collected above the amount in base rates for the State Fiscal Year 2015-2016 (April through March) inclusive of an adjustment for uncollectible expenses and working capital costs, plus a reconciliation of the difference between past period PSL §18-a amounts required to be collected and actual amounts collected.

The May 2013 Order approved tariff changes to allow for reduced collections in subsequent years. In the PSL §18-a surcharges that were effective in July 2013, the Company recognized over/under collections of past periods and adjusted the surcharges by service class. In this filing, the Company is continuing to adjust the PSL §18-a surcharges accordingly.

The June 2014 Order authorized the continuation of the PSL §18-a surcharges through December 31, 2017, for utilities whose estimated over collection through June 30, 2014 (excluding the March 2014 assessment payment) is less than their expected March 2015 total assessment payment. Any remaining balance at the end of 2017 shall remain on the books of the utility until it is disposed of through a future Commission action.

The PSL §18-a amounts required to be collected for the 2015-2016 State Fiscal Year were allocated to each customer service class based on their contribution to the Company's total 2014 steam revenues inclusive of gross receipts taxes. These amounts will be recovered for the period July 2015 through June 2016 and reflect the reduction of assessments from 1.63 to 1.00 percent as revised in PSL §18-a(6) and as directed by the June 2014 Order. Also included in the PSL §18-a amounts is an adjustment for prior years to reflect the estimated deferrals as set forth in Appendix B of the April 2015 Order.

Reconciliation amounts for past periods were determined by allocating the total of the actual PSL §18-a payments made by the Company for each State Fiscal Year, including working capital and uncollectible expense adjustments based on the actual payments derived from total steam revenues inclusive of gross receipts taxes for the previous calendar year. These amounts were compared with the actual class-specific amounts collected under the surcharges that were in effect under the Steam Tariff.¹ Any differences have been added to the 2015-2016 State Fiscal Year amounts to determine total amounts recoverable from each customer class over the July 1, 2015 through June 30, 2016 period.

The Statement filed herewith reflects the unit amounts to be collected over the 12 months commencing July 1, 2015. Surcharge amounts will be collected from SCs 1, 2, and 3 per Mlb; from SC 4 per Mlb/hour of Contract Demand; and from SC 5 per unit in effect under the customer's otherwise applicable SC.

Sincerely,

/s/

William A. Atzl, Jr.

Director

Rate Engineering Department

Attachment

¹ June 2015 collections have been estimated and will be trued up in next year's Temporary Annual Assessment surcharge. This year's surcharge reflects the true-up of June 2014 collections which were estimated last year.
