RE: Case No. 15-E-0749, Transfer of Street Lighting Systems

Dear Secretary Burgess:

By letter dated February 19, 2016, Orange and Rockland Utilities, Inc. (the "Company") filed with the Public Service Commission (the "Commission") amendments to its Schedule for Electric Service, PSC No. 3 – Electricity to become effective June 1, 2016. This filing was made in compliance with a Commission order that required tariff filings to effectuate changes to Public Service Law related to the sale of street lighting systems to municipalities.

On April 26, 2016, at the request of Commission Staff, the Company requested a postponement of the effective date of the proposed tariff amendments to July 1, 2016, to allow time for further review of the proposed changes. On May 26, 2016, Commission Staff requested a further postponement of the effective date of the proposed tariff amendments to October 1, 2016. The Company filed Supplement Nos. 14 and 15 to postpone the effective date of the tariff amendments included in its February 19, 2016 filing. Commission Staff has requested a further postponement of the proposed tariff amendments to allow for more time for review. The Company accordingly files Supplement No. 17 to postpone the effective date of the tariff amendments included in its February 19, 2016 filing to December 1, 2016. Supplement No. 17 is issued August 29, 2016 with an effective date of September 29, 2016.

The Company requests waiver of newspaper publication of the proposed changes since these changes will not materially impact the Company's customers.

Any questions regarding this filing can be directed to Cheryl Ruggiero at (212) 460-3189.

Very truly yours,

/s/

William A. Atzl, Jr.
Director – Rate Engineering
