Principal Program Manager
NY Gas Pricing

August 25, 2016

Honorable Kathleen H. Burgess, Secretary
State of New York
Public Service Commission
Office of the Secretary, 19th floor
Three Empire Plaza
Albany, New York 12223

Dear Secretary Burgess:

In accordance with Section 720-2 *et al.* of the Commission's regulations, 16 NYCRR § 720-2 *et al.*, The Brooklyn Union Gas Company d/b/a National Grid NY ("the Company") hereby submits the tariff leaves listed on Attachment 1 to become effective December 1, 2016.

The purpose of this filing is to amend the Company's tariff, PSC No. 12- Gas, to change the temperature index for temperature controlled customers from the National Weather Service at Central Park to the National Weather Service at LaGuardia Airport. The amendments also revise the tariff to provide that interruptible customers may remain on gas in the following circumstances: 1) peaking supplies are dispatched ratably across a weekend and/or holiday with varying temperatures above and below 15° F; and 2) peaking supplies are dispatched based on a day ahead call option and actual temperatures are higher than forecast. In all cases, LNG and non-ratable peaking supplies will be minimized to preserve winter deliverability.

In accordance with Section 720-2.3 of the Commission's regulations, a proposed notice of this filing suitable for use under the State Administrative Procedure Act is also enclosed.

Any questions regarding this filing should be directed to me at (929) 324-4580 or at Dawn.Herrity@nationalgrid.com.

Sincerely,

/s/ Dawn Herrity
