Albany, New York 12223-1350

RE: Case No. 18-E-0067, Proceeding on Motion of the
Commission as to the Rates, Charges, Rules and
Regulations of Orange and Rockland Utilities, Inc. for
Electric Service

Dear Secretary Phillips:

By letter dated September 16, 2019, Orange and Rockland Utilities, Inc. (the "Company") filed with the Public Service Commission (the "Commission") amendments to its Schedule for Electric Service, P.S.C. No. 3 – ELECTRICITY to become effective February 1, 2020.¹ The effective date of the Company's proposed filing has been postponed several times and is currently postponed through January 1, 2024.

Commission Staff has requested a further postponement of the proposed tariff amendments to allow for more time for review. The Company accordingly files Supplement No. 53 to postpone the effective date of the tariff amendments included in its September 16, 2019 filing to January 1, 2025. The Company hereby issues Supplement No. 53 on November 1, 2023 with an effective date of December 1, 2023.

The Company requests a waiver of the requirement for newspaper publication of the proposed changes since the Company has already completed such publication and this filing only serves to postpone the effective date of the Company's September 16, 2019 filing.

Any questions regarding this filing can be directed to Cheryl Ruggiero at (212) 460-3189.

Very truly yours,

/s/

William A. Atzl, Jr.
Director – Rate Engineering

¹ The filing was made in compliance with the Commission's Order Adopting Terms of Joint Proposal and Establishing Electric and Gas Rate Plans, issued March 14, 2019, in Case No. 18-E-0067 ("Rate Order"). Appendix 17 of the Joint Proposal adopted in the Rate Order required O&R to file, within six months of the Rate Order, a three-part voluntary residential rate that would include fixed, usage, and demand charges.
