Re: Filing to Amend Pole Attachment Charges

Dear Secretary Phillips:

Consolidated Edison Company of New York, Inc. ("Con Edison" or "Company") hereby submits for filing with the Public Service Commission (the "Commission") the following tariff leaf proposing revisions to its Schedule for Electric Service P.S.C. No. 10 – Electricity (the "Tariff").

<u>Tariff Leaf No.</u>	<u>Revision No.</u>	<u>Superseding Revision</u>
210	4	3

This tariff leaf is issued October 9, 2023, to become effective February 1, 2024.

**Reason for Filing and Proposed Tariff Change**

The Company proposes to make changes to Rider K of the Tariff to update the charge applicable to span wire and wireless pole attachments. The Company has calculated the charge for span wire pole attachments to be \$40.22 per attachment per year<sup>1</sup> and the charge for wireless pole attachments to be \$40.22<sup>2</sup> multiplied by the number of feet occupied. The number of feet occupied: (1) will reflect the overall length of the equipment and mounting hardware, plus six inches, rounded to the next whole foot; and (2) will exclude conduits, risers, and electrical meters.

The rate used to determine the annual pole attachment charge was formulated using the Federal Communications Commission's cable formula for horizontal cable attachments and reflects the 2022 Con Edison pole attachment cost. Workpapers detailing the computation of the revised rate used to determine the annual pole attachment charge are enclosed.

<sup>1</sup> The current annual span wire attachment charge of \$32.39 per attachment has been in effect since November 29, 2019.

<sup>2</sup> The wireless pole attachment charge of \$32.39 has been in effect since November 29, 2019.

Honorable Michelle L. Phillips

**Conclusion and Notice**

The Company is filing this tariff leaf with an effective date of February 1, 2024. The Company requests a waiver of the requirement for newspaper publication of the rate change. As required by Rider K, a copy of this filing will be sent to all cable television companies and telecommunication carriers that currently attach facilities to the Company's poles.

Please direct any questions regarding this filing to Ricky Joe at (212) 460-4995.

Very truly yours,

/s/  
William A. Atzl, Jr.  
Director – Rate Engineering
