Re: Central Hudson Merchant Function Charges

Dear Secretary Phillips:

The statement set forth below is filed by Central Hudson Gas & Electric Corporation ("Central Hudson" or the "Company") on August 15, 2023 to become effective September 1, 2023.

P.S.C. No. 12 – Gas

Statement of Merchant Function Charge MFC-27

Pursuant to the Company's P.S.C. No. 12 – Gas tariff the Statement herein reflects the Merchant Function Charge ("MFC") Revenue Reconciliation for the period July 1, 2022 through June 30, 2023. On a monthly basis, monthly actual billed MFC revenue, by MFC group, are compared to monthly MFC revenue targets for each rate year as set forth in Case 20-G-0429, with any monthly over or under billed MFC revenue deferred for refund to or recovery from full service customers.

For each twelve month period ended June 30, any over or under recovery including actual and estimated interest will be divided by estimated sales by MFC group over the refund or recovery period to develop a reconciliation factor to be effective for the twelve months beginning September 1. Any over or under recoveries of any such gas MFC reconciliations will be addressed in a subsequent reconciliation period. These factors are designated as the Transition Adjustment and are reflected on the Statement filed herein.
