Honorable Michelle L. Phillips, Secretary  
State of New York  
Public Service Commission  
Office of the Secretary

Albany, NY 12223

RE: Case 14-M-0224 – Proceeding on Motion of the Commission to Enable Community Choice Aggregation Programs.

Dear Secretary Phillips:

The following tariff amendments, issued by KeySpan Gas East Corporation d/b/a National Grid (“KEDLI” or the “Company”), are being filed as proposed modifications to bring the Company’s gas tariff into alignment with certain provisions specified in the January 19, 2023 *Order Modifying Community Choice Aggregation Programs and Establishing Further Process* (Order) issued by the New York State Public Service Commission (Commission) in the above case number.<sup>1</sup>

Third Revised Leaf No. 119.53.1  
Fourth Revised Leaf No. 119.54

To P.S.C. No. 1 – Gas

Effective: November 1, 2023

The tariff revisions are necessary to bring the current provisions of Rule 39.20, Community Choice Aggregation (“CCA”) Program into alignment with the following modifications as provided in the Order:

- a) The removal of the privacy screen requirement with respect to data provided by the Company to the requesting municipality or CCA administrator;
- b) The following additional customer data will be provided to the requesting municipality or CCA administrator: bill cycle, period code, tax-exempt status, and a dual-meter indicator; and
- c) A reference to the newly required dispute resolution process as specified in the Order.

The Company requests a waiver of the newspaper publication requirements in Public Service Law §66(12)(b), as the tariff amendments only directly impact municipalities and CCA administrators under the Company’s CCA Program and a notification to such municipalities and CCA administrators will be made prior to the proposed effective date of this filing. Included is a proposed form of Notice of Proposed Rule Making for publication in the State Register pursuant to the State Administrative Procedures Act.

---

<sup>1</sup> This filing is made pursuant to the requirements set forth in the Order. As such, KEDLI, pursuant to 16 NYCRR §61.10(c), does not believe Commission approval is required to file the proposed tariff leaves during the suspension period in Case 23-G-0225 and 23-G-0226. Assuming, *arguendo*, such approval is required, KEDLI respectfully request the Commission accept the proposed tariff leaves for filing in accordance with 16 NYCRR §61.10(a).

Attachment 1 contains the Company's redlined tariff leaves showing where the changes have occurred.
