**RE: Annual Electric Vehicle Surcharge (“EVS”) Filing**

Dear Secretary Phillips:

Consolidated Edison Company of New York, Inc. (the “Company”) herein submits for filing its Statement of Electric Vehicle Make Ready Surcharge – EVS Statement No. 3 to its Schedule for Electricity Service, P.S.C. No. 10 – Electricity (the “Tariff”). This Statement is issued January 17, 2023 to become effective February 1, 2023.

This filing is made in accordance with General Information Section 26.10 of the Company's Tariff which requires an annual EVS filing pursuant to the Commission's July 16, 2020 Order in Case 18-E-0138, Proceeding on Motion of the Commission Regarding Electric Vehicle Supply Equipment and Infrastructure.

The Company's current EVS surcharges are structured to: (1) allocate the costs to all service classifications in proportion to each class' delivery revenues; (2) provide for the recovery of the costs from non-demand billed service classifications on a kWh basis and from demand billed service classifications on a kW basis. For Customers billed on Standby Service rates the surcharge will be collected on a per kW of Contract Demand basis, or on a dollar per month basis. The surcharges per kWh or kW are determined by dividing allocable costs by estimated billed kWh deliveries or kW demands over the collection period.<sup>1</sup>

---

<sup>1</sup> NYPA is assessed a portion of these costs separately through the Statement of Other Charges and Adjustments of the Company's Schedule for PASNY Delivery Service, P.S.C. No. 12 – Electricity.

Honorable Michelle L. Phillips

Page 2

The proposed surcharges on EVS Statement No. 3 are based on annual actual Electric Vehicle Make Ready costs for the 2022 program year. The EVS surcharges will be reconciled annually at the end of each program year. Any over- or under-collection as a result of this reconciliation will be reflected in the following year's EVS surcharges. The resulting EVS surcharges per service classification for the 2022 program year (i.e., to be recovered effective February 1, 2023) can be found on EVS Statement No. 3.

Any questions regarding this filing can be directed to Ricky Joe at 212-460-4995.

Sincerely,

/s/ William A. Atzl, Jr.  
Director  
Rate Engineering Department
