Honorable Michelle L. Phillips, Secretary  
State of New York  
Public Service Commission  
Office of the Secretary  
Three Empire State Plaza  
Albany, NY 12223

RE: Case 21-E-0629 – In the Matter of the Advancement of Distributed Solar

Case 19-E-0735 – Petition of New York State Energy Research and Development Authority Requesting  
Additional NY-Sun Program Funding and Extension of Program Through 2025

Case 15-E-0751 – In the Matter of the Value of Distributed Energy Resources (“VDER”)

Case 14-M-0094 – Proceeding on Motion of the Commission to Consider a Clean Energy Fund

Dear Secretary Phillips:

The below listed leaf, issued by Niagara Mohawk Power Corporation d/b/a National Grid (“Company”), are being transmitted for filing in accordance with *Order Expanding NY-Sun Program* (“Order”) of the Public Service Commission (“Commission”), State of New York issued on April 14, 2022 in the above case number.

Ninth Leaf No. 220.4

To P.S.C. No. 220 Electricity

Effective: June 1, 2022

This filing is made in compliance with Ordering Clause No. 4 of the Order which directed the Company to file tariff amendments to modify the Value Stack compensation methodology, specifically the Environmental Component rate. The Company has removed reference to the previous Environmental Component rate methodology and states that the rate will be shown in a statement filed with the Commission. The Order codified that the Environmental Value be fixed moving forward at 3.103 cents per kWh, which is the rate currently reflected in the Company’s VDER Value Stack Credit Statement.

In accordance with Ordering Clause No. 5 of the Order, the requirements of PSL §66(12) (b) and 16 NYCRR §720-8.1 concerning newspaper publication of the proposed tariff amendments described in Ordering Clause No. 4 are waived.

Attachment A to this filing contains the redlined tariff leaves for these amendments. Please contact the undersigned of any action taken regarding this filing.

Sincerely,

/s/ Carol Teixeira

Carol Teixeira  
Manager, NY Electric Pricing
