**RE: Annual Dynamic Load Management (“DLM”) Surcharge Filing**

Dear Secretary Phillips:

Consolidated Edison Company of New York, Inc. (the “Company”) herein submits for filing its Statement of Dynamic Load Management Surcharge – DLM Statement No. 6 to its Schedule for Electricity Service, P.S.C. No. 10 – Electricity (the “Tariff”). This Statement is issued April 28, 2022 to become effective with service rendered on or after May 1, 2022.

This filing is made in accordance with General Information Section 26.6 of the Company's Tariff which requires an annual DLM filing in accordance with the Commission's April 19, 2018 Order in Case 14-E-0423,<sup>1</sup> et al., and the Commission's September 17, 2020 Order in Case 18-E-0130.<sup>2</sup>

The Company's five DLM programs include the Direct Load Control (“DLC”) Program, Commercial System Relief Program (“CSRP”), Distribution Load Relief Program (“DLRP”), Term-DLM Program, and Auto-DLM Program. The current DLM rates are structured to: (1) allocate the costs associated with the CSRP and the Term-/Auto-DLM Programs to all service classifications using the Company's transmission demand allocators from the Company's most recent embedded cost of service (“ECOS”) study; (2) to the extent practicable, allocate the costs associated with the DLC Program and the DLRP to service classifications served at the primary voltage level and below using the primary distribution demand allocators from the Company's most recent ECOS study; and (3) provide for the recovery of the costs of these programs from non-demand billed customers on a per kWh basis, and from demand billed customers on a per kW basis through existing delivery rate lines on customers' bills.

The proposed rates in DLM Statement No. 6 are based on annual forecasted program costs for the 2022 program year. The annual forecasted program cost for the CSRP and Term-

/Auto-DLM combined is \$29,636,217. The annual forecasted program cost for the DLC Program and the DLRP combined is \$30,160,890. The determination of the proposed DLM rates also includes a reconciliation of DLM expenses and recoveries, including interest,<sup>3</sup> for the period May 2021 through April 2022.<sup>4</sup> The amount over-collected for the reconciliation period, including interest, for the CSRP and Term-/Auto-DLM combined is \$7,276,791. The amount over-collected for the reconciliation period, including interest, for the DLC Program and the DLRP combined is \$3,289,665. The resulting DLM charges per service classification for the 2022 program year can be found on DLM Statement No. 6.
