Dear Secretary Phillips:

In accordance with the *Order Adopting Terms of Joint Proposal, Establishing Rate Plans and Reporting Requirements* (issued and effective January 20, 2022) in Cases 20-E-0380 and 20-G-0381 (the “Order”), Niagara Mohawk Power Corporation d/b/a National Grid (the “Company”) submits for filing the gas tariff leaves and statements listed on Attachment A. Specifically, Ordering Clause No. 3 directed the Company to file, on not less than five days’ notice, tariff revisions necessary to effectuate the provisions adopted by the Order for Rate Year One, the twelve-month period ending June 30, 2022, to take effect on a temporary basis on February 1, 2022, and to incorporate any tariff amendments that were previously approved by the State of New York Public Service Commission (“Commission”) since the tariff amendments listed on Attachment No. 2 of the Order were filed.

In addition, the Company has incorporated the following technical tariff amendments that the Company previously reviewed with Department of Public Service Staff:

1. Replaced references to Dominion Transmission Inc or Dominion with Eastern Gas Transmission and Storage and replaced references to DTI with EGTS throughout the tariff; and
2. Revised the description of the Daily Cashout Rate in Section 3.6.1 Compensation for Diverted Gas on Leaf 36 to refer to the description of the Daily Cashout Rate on Leaf 119 and Leaf 119.1.

The requirements of §66(12)(b) of the Public Service Law that newspaper publication be completed before the effective dates of the amendments were waived with respect to the Rate Year One tariff revisions in Ordering Clause No. 6 of the Order. The Company, however, is
