***Re: Pennsylvania Electric Company Waverly District Non-Utility Generation Cost Adjustment Clause Recovery, Case 11-E-0594***

Dear Secretary Phillips,

This filing is made in compliance with the Order of the New York Public Service Commission entered on October 8, 2021, at Case 11-E-0594 ("Order") that directed the Pennsylvania Electric Company ("Penelec") to file tariff revisions related to the removal of the non-utility generation ("NUG") Rider. Additionally, the Order waived the requirements of Public Service Law §66 (12) (b) and Title 16 of the New York Codes, Rules and Regulations §720-8.1 as to the newspaper publication. The requirements for publication were waived. The Company overlooked including leaf 15 in the November 1, 2023 compliance filing and is requesting the change to leaf 15 to become effective on 30 days' notice, January 5, 2024. The tariff revision included in this filing completes the removal of all NUG Rider rate tariff language from the Company's tariff.

Please do not hesitate to contact me with any questions.

Sincerely,
