NIAGARA MOHAWK POWER CORPORATION

July 20, 1998

Mr. John C. Crary
Secretary
State of New York
Department of Public Service
Three Empire Plaza
Albany, New York 12223

Dear Secretary Crary:

Attached for filing in accordance with the requirements of the Public Service Commission of the State of New York are the following tariff leaves:

Fourth Revised Leaf No.	3
First Revised Leaf No.	33.1
Cancellation Supplement No.	6

To P.S.C. No. 218

Effective: August 21, 1998

On June 8, 1998, Niagara Mohawk Power Corporation filed revisions to its P.S.C. No. 218 Gas Tariff which has been designated Case 98-G-0913. The purpose of the filing was to make revisions to Aggregator Form 2 in order to allow electronic enrollment for our gas transportation customers. Second Revised Leaf No. 3 was included in that filing. On June 30, 1998, Third Revised Leaf No. 3 was filed and became effective the next day, July 1, 1998. This filing was made in connection with our removal of the fixed price option language from our gas tariff.

In that Second Revised Leaf No. 3 was filed before Third Revised Leaf No. 3, it still contains reference to the Application for Fixed Price Option. Fourth Revised Leaf No. 3 is filed to eliminate this reference. Cancellation Supplement No. 6 is being filed in order to cancel Second Revised Leaf No. 3.

First Revised Leaf No. 33.1 is being modified in order to include a reference on the Human Needs SIC Code Chart on Leaf 33.1. This SIC Code Chart was added in the filing which will become effective on August 21, 1998, in Case 98-G-0913, in order to assist aggregators in identifying their clients as Human Needs Customers. This change is being included in order to make the Human Needs Chart more closely match the Commission's definition of Human Needs Customers.

The Company requests waiver of newspaper publication of the proposed changes required by 16 NYCRR 236.70 as the original June 8 filing has already been advertised and the revision to Leaf 33.1 is of a housekeeping nature.

Sincerely,

Marcia G. Collier
Manager Revenue & Cost Evaluation
