Re: Case No. 02-G-0064

Dear Secretary Deixler:

This revised tariff leaf, issued by New York State Electric & Gas Corporation ("NYSEG" or the "Company"), is transmitted for filing in compliance with the requirements of the Public Service Commission of the State of New York.

**Tariff Amendments**

Seventh Revised Leaf No. 9 to PSC 90 Gas

Effective June 24, 2002

**Proposed Revisions**

NYSEG is filing a revision to its January 18, 2002 filing in Case No. 02-G-0064.

**Background**

On January 18, 2002, NYSEG submitted a tariff filing to revise the flat rate per foot for incremental service line installation in compliance with an Order dated April 22, 1993 in Case No. 93-G-0106. Subsequent to the January filing, NYSEG reviewed and revised the methodology by which the incremental service line cost was developed. As a result, NYSEG is proposing to make a further revision to the original filing to reflect the cost derived by the revised methodology, resulting in a rate of \$4.61 per foot. A revised SAPA notice is enclosed.

If you have any questions regarding this tariff revision, please contact Susan Gallia at (607) 762-7265.

Very Truly Yours,

/dlm
