Pilot Program by National Fuel Gas Distribution Corporation

Dear Secretary Deixler:

National Fuel Gas Distribution Corporation ("Distribution" or the "Company")
submits the following amendment to its tariff, P.S.C. No. 8 - GAS:

Supplement No. 6

The proposed revision is issued as of today for an effective date of October 12, 2002. The Company requests that the Supplement be given "short notice" effective September 23, 2002 in order to go into effect simultaneously with the tariff leaves originally filed on June 21, 2002.

Explanation of Filing

Distribution submitted tariff amendments proposing to implement a "Partnership for Distributed Generation" pilot program. This program would allow the Company to provide commercial and industrial customers the ability to reduce energy costs and decrease the downward trend in aggregate consumption on the Company's system. The sole purpose of this filing is to postpone the proposed tariff amendments for sixty days to comply with Staff's request.
