Albany, NY 12223-1350

Dear Commissioners:

The enclosed Statements, which are listed below, are issued by Central Hudson Gas & Electric Corporation to become effective on December 12, 2001, the billing date for the eighth batch of the Company's December 2001 billing cycle, and are transmitted for filing in compliance with the requirements of the Public Service Commission of the State of New York regarding change in adjustments.

PSC No. 15 - Electricity

Statement of Energy Supply Charge	ESC - 12
Statement of Market Price Charge and Market Price Adjustment	MPC - 3
Statement of Miscellaneous Charges	MISC - 3
Statement of Purchased Power Adjustment	PPA - 3

The energy supply charge factors included in ESC Statement No. 12 are applicable to all energy supplied by the Company prior to November 1, 2001.

The factors included in MPC Statement No. 3 are applicable to all energy supplied by the Company on and after November 1, 2001 and are based on the actual generation required to serve the Company's full service customers during the month of November as priced at the New York Independent System Operator Day Ahead Market Price. These factors also include a reconciliation adjustment for net energy costs incurred by the Company for the month of August 2001 and collected through the ESC.

The factors included in MISC Statement No. 3 are applicable to all energy delivered by the Company, excluding electricity delivered by the Company which is supplied through a Power For Jobs allocation, and are intended to refund to customers the net benefit of non-avoidable, variable energy related revenues and costs associated with the Company's remaining generating facilities and from mandatory purchases from Independent Power Producers for the month of November 2001. MISC Statement No. 3 also reflects the annual one-time charge of \$66,134 for 100% recovery of the annual NMP-2 decontamination and decommissioning costs as authorized by Opinion No. 93-5 in Cases 92-E-1033 and 92-E-0118.

The factors included in PPA Statement No. 3 are applicable to all energy delivered by the Company, excluding electricity delivered by the Company which is supplied through a Power For Jobs allocation and are intended to refund to customers the benefit of the Company's Transition Power and Purchased Power Agreements with the new owners of the fossil generating plants and nuclear generating plant, respectively, previously owned by the Company.

Supporting exhibits have been sent directly to the Commission's staff.

Yours very truly,

Arthur R. Upright
