The tariff leaves bear an issue date of February 22, 2002 and an effective date of June 1, 2002. A separate filing is being made today to amend the Company's Schedule for Electric Service, P.S.C. No. 9 – Electricity.<sup>1</sup>

#### Reason for Filing

The Company is proposing a new "universal" application form for service, which would replace both the existing Application for Residential Service and the existing Application for Service for Non-residential Customers. The new application would be used by both residential and non-residential applicants for service when a written application is required. The new application contains features that are not contained on the existing applications, such as:

- (a) types of identification to be provided by residential customers;
- (b) request for an applicant's alternate phone number or pager number, FAX number, and e-mail address;
- (c) separate check-off boxes for religious organizations, community residences, and veterans' organizations;
- (d) clear description of Buildings of Public Assembly;
- (e) request for a copy of an ST-120 form from customers who resell the supply and request a state and/or local sales tax exemption; and
- (f) reminder that a tax-exempt organization that redistributes electricity and steam should contact a tax advisor to determine if the account is eligible for remission of the state gross receipts tax.

#### Notice

---

<sup>1</sup> No change is proposed to the residential and non-residential applications for steam service that appears in P.S.C. No. 3 – Steam.

Newspaper publication of the proposed tariff changes will be made on March 7, 14, 21 and 28, 2002. Enclosed is a proposed form of Notice of Proposed Rule Making for publication in the State Register pursuant to the State Administrative Procedure Act.

Respectfully submitted,
