Re: Proposed Tariff Changes to PSC No. 119 – Electricity
Revisions to Application for Outdoor Lighting Service

Dear Secretary Brillling:

The enclosed revised leaf, issued by New York State Electric & Gas Corporation (“NYSEG” or the “Company”), is hereby transmitted for filing in compliance with the requirements of the New York State Public Service Commission (“Commission”).

PSC No. 119 – Electricity, Schedule for Electricity Service
Leaf No. 33, Revision 1

Effective: May 22, 2006.

The Company is proposing changes to Leaf 33 which contains the Form of Application for Outdoor Lighting Service. The information on the proposed revised application has been reorganized and streamlined to conform to the recently unbundled Outdoor Lighting rate structure that was implemented with NYSEG’s new Customer Care and Service billing system.

Publication

The Company requests that the requirement of § 66(12)(b) of Public Service Law and 16 NYCRR §720-8.1 as to newspaper publication be waived because these are minor revisions that would not be readily understood by, or of interest to, the general body of customers. Also, the new application will be provided to customers who request installation of an Outdoor Light.

A State Administrative Procedures Act Notice is enclosed for publication in the State Bulletin.

Honorable Jaclyn A. Brillling, Secretary
