Dear Secretary Brilling:

Attached for filing electronically with the Commission is Supplement No. 36 to the Schedule for Gas Service, P.S.C. No. 1-GAS issued by KeySpan Gas East Corporation d/b/a KeySpan Energy Delivery Long Island become effective November 1, 2008.

The purpose of this filing is to postpone until December 1, 2008, the effective date of the tariff leaves filed to 1) eliminate the "two-strike" rule from the Company's non-firm tariffs; and 2) to add provisions in the firm general and multi-dwelling tariffs to establish a maximum size limitation for new gas service under these service classifications of 2,500,000 Btu per hour. Exemptions of this limitation will be granted by the Company to the extent it receives a contribution payment for required service laterals and/or for system reinforcement or to maintain system operational integrity. After discussions with Staff, it was deemed necessary to extend the effective date of these leaves.

Permission is requested for a waiver from the Commission's regulations governing newspaper publication of the enclosed tariff provisions.

If you have any questions regarding this filing, please contact Dawn Herrity at (718) 403-2975 or Dawn.Herrity@us.ngrid.com.

Respectfully submitted,
