Public Service Commission Three Empire State Plaza Albany, New York 12223-1350

Dear Commissioners:

Re: Central Hudson Gas & Electric Corporation: Tariff Filing to Reflect New Pole Attachment Rates

The enclosed rate leaf, issued by Central Hudson Gas & Electric Corporation (the Company), is transmitted for filing in compliance with the requirements of the Public Service Commission of the State of New York, and is as follows:

P.S.C. No. 15 - Electricity

4th Revised Leaf No. 120

This amendment is issued March 29, 2007 to become effective July 1, 2007. The purpose of this filing is to update the pole attachment rates applicable to cable system operators and telecommunication carriers to reflect 2006 actual data.

The revised rate applicable to cable system operators included on Leaf 120 has been computed in compliance with the Federal formula for determining CATV attachment rates adopted by Order of the Commission in Case 01-E-0026, issued and effective July 16, 2002. The new rate of \$12.47 per equivalent pole reflects an increase of \$1.49 over the existing rate of \$10.98 per equivalent pole, which is based on 2001 actual data. Based on the number of attachments billed in 2006, it is estimated that this rate change will increase annual revenue by approximately \$138,000.

The rate applicable to telecommunications carriers included on Leaf 120 reflects the existing attachment rate applicable to cable system operators pursuant to the Commission's Order, issued and effective July 16, 2002, in Case 01-E-0026, et al.

Central Hudson requests that the requirement to publish a notice of this filing be waived because the Company is arranging to have a copy of this filing served on all cable system operators and telecommunication carriers doing business within its service territory.
