To PSC No. 219 Gas

Effective: January 1, 2007

On January 3, 2006, the Company filed tariff revisions to Rule 3 - Priority of Service of the Company's PSC No. 219 Gas Tariff with an initial effective date of March 16, 2006. This filing was subject to several postponements with a current effective date of January 1, 2007. On December 13, 2006, the Commission issued an Order "Approving Tariff Modifications In Part and Instituting Additional Proceedings." The tariff revisions, filed herein, implement the requirements of Ordering Paragraph 1 of the December 13<sup>th</sup> Order.

The Company's January 3, 2006 filing proposed changes to the Company's rules regarding Priority of Service in the event the Company was required to implement Long Term Curtailment under 3.7 of its PSC No. 219 Gas Tariff. The revisions also included changes to Rule 3.2.3 which set forth the Company's obligations regarding customers purchasing non-Company gas supplies. The proposed changes would have assured that the curtailment priority for core customers did not depend on whether the customer was a supply customer or a delivery-only customer. The tariff revisions established provisions for the continued delivery of, and compensation for, non-core customer gas supply to the city-gate in order to provide gas supply for core customers in the event of a curtailment.

Finally, the Company's January 3, 2006 filing included a proposed revision to the rate applicable to unauthorized overrun usage during periods of curtailment.

The December 13, 2006 Order approved the revisions to the unauthorized overrun charges set forth in Rule 3.3.1 as well as other minor housekeeping changes. The revisions to Rule 3.3.1 set forth on Leaf No. 31 and the references to that Rule set forth on Leaf Nos. 137, 138, 148, 162, 168, 178, and 221 are included on the tariff leaves filed herein. The other changes included in the January 3, 2006 filing set forth in Rule 3.2.3 and in Rule 3.7 have been changed back to the language currently effective.

Newspaper publication of the proposed tariff changes required by 16 NYCRR 720-8.1 is waived as provided for in Ordering paragraph 2 of the Commissions December 13, 2006 order.

Questions regarding this filing should be addressed to Marcia Collier on 315-428-5692. Please advise the undersigned of any action taken in regards to this filing.

Sincerely,

Marcia G. Collier
