Re: Groman Shores LLC  
Application to Increase Rates and Adopt a New Electronic Tariff

Dear Secretary Brilling:

Groman Shores, LLC (the **Company**) provides water service to 75 seasonal customers. No fire protection service is provided.

Attached is Groman Shores LLC's Tariff Schedule, P.S.C. No. 1 – Water, converted to an electronic format, which is to be electronically filed with the New York State Department of Public Service, in compliance with a directive in Case 97-M-0508.

P.S.C. No. 1 – Water  
Original leaves 1-12

Effective Date: July 1, 2007

Groman shores LLC has not had a rate increase since 1986. The current rates do not generate enough revenue to pay our operating expenses, and we have been subsidizing its operations for years. The increase is needed to pay operating expenses and provide a modest return on investment to help assure that the funds can be obtained for repairs and replacements.

The new tariff would increase rates from \$66 to \$171 per year or 170%. The filing would implement bi-annual billing in advance, April 1<sup>st</sup> and October 1<sup>st</sup>, and establish an annual charge of \$171. The tariff leaf is scheduled to become effective July 1, 2007. The company also proposes to increase its restoration of service charge from \$10 to \$50 during normal business hours (8:00 a.m. to 4:00 p.m., Monday through Friday), \$75 outside of normal business hours Monday through Friday and \$100 on weekends or public holidays. The holidays for which the

Jaclyn A. Brillling

\$100 charge will apply are listed in the company's tariff. This filing would also implement a late payment charge of 1 ½ % per month that would be applied to delinquent bills.

By this letter it is requested that the Staff of the Water Rates Section file the attached leaves electronically.

Groman Shores LLC also requests waiver of newspaper publication since it plans to individually notify it customers of the tariff filing.

Very truly yours,  
Groman Shores LLC

Stanley Groman
