RE: Case No. 98-M-1343 - In the Matter of Retail Access Business Rules

Dear Secretary Brillling:

The attached UBP Addendum No. 4, issued by Niagara Mohawk Power Corporation, d/b/a National Grid (hereinafter the "Company"), is transmitted for filing in compliance with Order of the Public Service Commission ("Commission"), State of New York issued and effective November 8, 2006, in Case No. 98-M-1343.

UBP Addendum No. 4

To PSC No. 219 Gas

Effective: November 22, 2006

On November 8, 2006, an Order was issued by the Commission in Case 98-M-1343. This Order modified Section 2 of the Uniform Business Practices (UBP) which contains the UBP process that an applicant is required to follow for the Department of Public Service to find the applicant eligible to sell natural gas as an ESCO and to maintain such eligibility. The revised Section 2 contains price reporting requirements that ESCO's must submit to the PSC to maintain their eligibility and the process for enforcing any deficiencies that may occur.

Ordering Paragraph 2 of the November 8, 2006 Order, approves the changes to the UBP. The Company is filing UBP Addendum No. 4 in compliance with Ordering Paragraph 3 which provides for tariff revisions to become effective on not less than one days notice on or before November 30, 2006.

Please advise the undersigned of any action taken in regards to this filing.

Sincerely,

Marcia G. Collier
Manager, Gas Pricing
