RE: Revision to Statement of Percentage Increase in Rates and Charges For MTA
Reconciliation

Dear Secretary Brillling:

Consolidated Edison Company of New York, Inc. ("Con Edison" or the "Company") is filing the following revision to the "Statement of Percentage Increase in Rates and Charges" separately stated on Con Edison's gas tariff:

GRT Statement No. 28 to PSC No. 9 - Gas

This statement is issued May 15, 2006 to become effective June 2, 2006.

Explanation of Filing

The Company's gas tariff provides that the revenues collected during the MTA surcharge billing year (April 2005 through March 2006) be compared with the MTA surcharge expense for the calendar year 2004. The gas tariff provides for the Company to make an MTA surcharge adjustment to reconcile for any under or over collection.

The revisions to the attached Statement of Percentage Increase in Rates and Charges reflect the annual reconciliation of MTA revenues and expenses, and will be in effect during June 2006.

The revisions reflect an under collection of about \$138,000 for the Company's gas operations. Thus, for gas service, the reconciliation adjustment will be 0.1962% for commodity and 0.2008% and 0.1967% for residential and non-residential delivery, respectively.

The effect of the factors in the various Westchester municipalities varies due to the impact of the local levies on the computation of the effective tax factors used in the gas statement.

Respectfully submitted

Consolidated Edison Company of New York, Inc.

Christine Colletti
Director
Rate Engineering Department
