Re: Case 07-G-0299 - In the Matter of Issues Associated with the Future of the Natural Gas Industry and the Role of Local Gas Distribution Companies - Capacity Planning and Reliability

Dear Secretary Brilling:

Attached for filing electronically are the following tariff leaves issued by KeySpan Gas East Corporation d/b/a KeySpan Energy Delivery – Long Island (the "Company") to become effective on April 4, 2008:

Eighth Revised Leaf No. 159  
Fourth Revised Leaf No. 159.1

to Schedule for Gas Service, P.S.C. No. 1-GAS.

This filing is made in compliance with the Commission's Order dated March 28, 2008 directing the Company to file a letter confirming that marketers serving the Company's firm transportation customers take releases of the Company's capacity for 100% of upstream primary firm delivery point capacity requirement for the winter. The Company was also directed to file revised tariffs, listed above, to eliminate any unnecessary provisions related to grandfathering of marketer-supplied capacity.

This letter serves notice that the marketers servicing the Company's firm transportation customers take 100% of the Company's capacity release of their upstream primary firm delivery point capacity.

If you have any questions regarding this filing, please call Dawn Herrity at (718) 403-2975.

Respectfully submitted,

KEYSPAN GAS EAST CORPORATION  
D/B/A KEYSPAN ENERGY DELIVERY - LI
