> Re: New York State Electric & Gas Corporation's Proposal to Revise Notice
> Requirements for No Access to Meter Situations filed November 20, 2007

Dear Secretary Brilling:

The enclosed tariff leaves, issued by New York State Electric & Gas Corporation
("NYSEG" or "the Company") are transmitted for filing in compliance with the
requirements of the New York State Public Service Commission ("PSC" or
"Commission") and Appendix 7-H (electronic tariff filing system) to the Commission's
Codes, Rules and Regulations (16 NYCRR Appendix 7-H). The leaves are proposed to
become effective on April 1, 2008.

<center>Purpose of the Filing</center>

The Company is filing further revisions to tariff leaves that were filed on
November 20, 2007. These tariff revisions have been discussed with Department of
Public Service Commission Staff ("Staff").

<center>Details of Tariff Revisions</center>

Upon further review of the amendments submitted in NYSEG's filing referenced
above with Staff, NYSEG is proposing further revisions to its November 20, 2007 tariff
filing. Based on discussions with Staff, the Company is filing further revisions to tariff
leaves to mirror the language set forth in 16 NYCRR.

<center>Publication</center>

The Company requests that the requirement of Section 66(12)(b) of the Public
Service Law and 16 NYCRR Section 720-8.1 as to newspaper publication be waived

because these tariff changes have minimal impact on the majority of NYSEG's customers.
