Honorable Jaclyn A. Brilling, Secretary
New York State Dept. of Public Service
Three Empire State Plaza
Albany, New York 12223-1350

Dear Secretary Brilling:

The enclosed statements, issued by Rochester Gas and Electric Corporation ("RG&E" or the "Company"), are transmitted for filing in compliance with the requirements of the Public Service Commission ("PSC" or "Commission") of the State of New York:

P.S.C. No. 16 - Gas

Gas Supply Charge (GSC)	Statement Number 58	Effective: January 1, 2008
Incremental Gas Supply Charge (IGSC)	Statement Number 3	Effective: January 1, 2008
Large Transportation Service Rate Adjustment (LTSR)	Statement Number 48	Effective: January 1, 2008
Small Transportation Service Rate Adjustment (STSR)	Statement Number 48	Effective: January 1, 2008

In accordance with the Commission's Order in Case 07-G-1101, Order Concerning Annual Reconciliation of Gas Costs, issued and effective December 22, 2007, RG&E is initiating a surcharge as a result of the Company's annual reconciliation of gas costs for the year September 1, 2006 to August 31, 2007.

In compliance with the Commission Order, issued and effective May 20, 2004 in Case 03-G-0766, Order Adopting Provisions of Joint Proposals with Conditions, RG&E is updating the calculation of the Merchant Function Charge (MFC) and the calculation of the Factor of Adjustment (FA). As stated in the May 20, 2004 Order, beginning January 1, 2005 and each 12-month period thereafter, the gas supply uncollectibles and gas inventory carrying charges calculations, both components of the MFC, are to be updated. Also, the FA is to be reset on January 1, 2005 and every year thereafter unless and until a new gas rate plan approved by the Commission becomes effective.

These rates will continue in effect until there are changes in the cost of gas that require modifications.

Very truly yours,
ROCHESTER GAS AND ELECTRIC CORPORATION
