In addition, the Company is requesting a minor modification to the pre-payments terms for ESCos that do not meet the UBP creditworthiness guidelines. Specifically KeySpan is requesting that the time requirement for the prepayment be changed from two days to three days prior to the start of the month. This is necessitated by operational requirements in releasing bundled sales and virtual storage and the time required to verify the prepayment. The additional day will allow verification of payment and timely release of capacity and commodity.

If you have any questions regarding this filing, please call Dawn Herrity at (718) 403-2975.

Respectfully submitted,
