Re: Case 02-M-0515: Commercial and Industrial Distributed Generation Rates

Dear Commissioners:

The amended tariff leaves set forth below are filed by Central Hudson Gas & Electric Corporation ("Central Hudson" or the "Company") on August 23, 2007 to become effective December 1, 2007.

P.S.C. No. 12 - Gas

8th Revised Leaf No. 206

The purpose of this filing is to amend the Company's gas rate schedule with revised Commercial and Industrial Distributed Generation ("DG") rates under Service Classification No. 15.

This amendment is filed pursuant to draft DG rates filed with the Secretary of the Commission on March 30, 2007 in accordance with the above referenced proceeding. The rates presented herein are based on the Company's delivery rates effective July 1, 2007 under Service Classification Nos. 2, 6 and 13 as approved by the Commission in its Order issued and effective July 24, 2006 in Case 05-G-0935. The administrative charge for Service Classification No. 15 was set equal to the customer charge for Service Classification No. 11, as recommended by the Department of Public Service Staff, and approved by the Commission, in the May 18, 2004 Order in the above referenced proceeding.

Since the Company currently has no customers taking service under this service classification, the Company requests that the requirements of 66 ((12)(b)) of the Public Service law as to newspaper publication be waived.

Questions related to this filing should be directed to Stacy Powers at (845) 486-5815.

Yours very truly,

Michael L. Mosher
