With this filing Central Hudson proposes to require the installation of AMR equipment for large customers taking service under Service Classification Nos. 8, 9 and 11. The Company is also proposing daily balancing and monthly cashout procedures for interruptible and firm transport customers taking service under Service Classification Nos. 9 and 11, respectively. These revisions are proposed in accordance with the plan filed by Central Hudson on August 8, 2005 in the above referenced proceedings.

As the proposed revisions will impact a limited number of customers, and these customers will be directly notified of these changes by the Company, the Company requests the requirements of Section 66(12)(b) of the Public Service Law as to newspaper publication be waived.

Questions related to this filing should be directed to Glynis L. Bunt at (845) 486-5420.

Yours very truly,
