Order Regarding Retail Renewable Portfolio Standard

Dear Secretary Brilling:

Enclosed for filing with the Commission are an original and three copies of Niagara Mohawk Power Corporation's (Niagara Mohawk or Company) leaves being filed in compliance with the Public Service Commission's Order in Case No. 03-E-0188 issued and effective September 24, 2004.

Eighteenth Revised Leaf No. 59

To P.S.C. No. 214 Electricity

Effective: November 1, 2005

On December 20, 2004, the Company submitted tariff leaves and Statement No. 1- Statement of Renewable Portfolio Surcharge in compliance with the above Order. These leaves were approved by the Commission to become effective October 1, 2005 incorporating these revisions. The purpose of this filing is to propose a housekeeping revision to the above leaf to bring the revision number concurrent with the leaf currently effective in PSC No.207 Electricity and update this leaf with rates and charges that were approved when this leaf was pending before the Commission.

Waivers of newspaper advertising is requested for this as required in §66(12)(b) of the Public Service Law because of its housekeeping nature.

Waiver of short notice is also requested for this filing to become effective on less than statutory time on November 1, 2005.

Please advise the undersigned of any action taken with respect to this filing.

Sincerely,
