RE: Case No. 02-E-1645 - Tariff Filing to Incorporate Revisions - Street Lighting Billing Methods

Dear Secretary Brilling:

The attached leaves, issued by Niagara Mohawk Power Corporation ("Company"), are being transmitted for filing in accordance with the requirements of the Public Service Commission ("Commission"), State of New York.

Third Revised Leaf No. 36
Fourth Revised Leaf No. 37

To PSC No. 214 Electricity

Effective: June 27, 2005

The purpose of this filing is to further revise the filing issued to the Commission on May 13, 2005 with a postponed effective date of June 27, 2005 in the above case. The original filing proposed revisions to PSC No. 214 to more clearly define the netting of bills related to municipal street lighting accounts.

After further discussions between Staff of the Public Service Commission and Staff of Niagara Mohawk it was decided that further housekeeping revisions would be required to the original filing.

Waiver of short notice is requested for these leaves to become effective June 27, 2005 to be coincident with the leaves presently before the Commission in Case No. 02-E-1645.

Anyone with questions regarding the administrative aspects of this filing may call or write the undersigned.

Sincerely;

Patricia Rivers
