Honorable Janet H. Deixler, Secretary
New York State
Public Service Commission
3 Empire State Plaza
Albany, NY 12223-1350

Dear Secretary Deixler:

The enclosed revised leaf, issued by New York State Electric & Gas Corporation ("NYSEG" or "the Company") is transmitted for filing in compliance with the requirements of the New York State Public Service Commission ("PSC").

Tariff Amendments

Eleventh Revised Leaf No. 9 to PSC No. 90 – Gas

Effective July 28, 2003.

Proposed Revisions

On April 28, 2003, NYSEG filed tariff changes to modify its flat fee for installation of the portion of service lines, service connections and appurtenant facilities that exceed the portion NYSEG is required to install at no charge. Based on recent discussions with PSC Staff, NYSEG is today proposing one minor revision to Leaf No. 9. Specifically, in paragraph H.(2) the word "actual" has been added to clarify that a customer will pay the Company's *actual* costs and expenses for Company installed service lines, service connections and appurtenant facilities that exceed the portion installed at no charge. This change is being filed to become effective on July 28, 2003, the effective date proposed in the April 28, 2003 filing.
