**Re: Case 04-G-0875, Proposed Distributed Generation Application Form**

Dear Secretary Brillling:

Consolidated Edison Company of New York, Inc. ("Con Edison" or the "Company") is filing today with the Public Service Commission (the "Commission") amendments to the Company's Schedule for Gas Service, P.S.C. No. 9 – Gas.

The specific leaves being revised are identified in Attachment A. The tariff leaves bear an effective date of September 23, 2004.

**Reason for Filing**

As recommended by Commission Staff, minor housekeeping changes have been made to the initial Rider H application filing submitted by the Company, on July 15, 2004, in the subject case. The changes include adding references to the new application form in the Rider H tariff section and in the Table of Contents as well as correcting a typographical error on the form. For additional clarification, a space was provided on the application form where the customer can fill in the "Expected Installation Date" of the DG equipment.

**Notices**

The Company will incorporate all of the proposed tariff changes for Case 04-G-0875 and provide for public notice by means of newspaper publication once a week for four consecutive weeks prior to September 23, 2004. Since there are no substantive changes to the July 15, 2004 filing, the proposed form of Notice of Proposed Rule Making for publication in the State Register pursuant to the State Administrative Procedure Act

submitted by the Company on July 15, 2004 is still applicable and no additional form has been provided herein.

Sincerely,

Joel H. Charkow  
Director  
Rate Engineering
