Dear Secretary Brillling:

New York State Electric & Gas Corporation (“NYSEG” or the “Company”) is hereby filing revised System Benefits Charge (SBC) Statements to become effective March 1, 2010. The SBC III portion of the surcharge is being updated to remove exempt sales units from the 2010 kWh forecast that had been inadvertently included in developing the 2010 SBC rate.

PSC No. 120 – Electricity, Schedule for Electric Service
SBC Statement No. 4

PSC No. 121 – Electricity – Schedule for Electric Service Street Lighting
SBC Statement No. 4

This filing is also made in accordance with Appendix 7-H (electronic tariff filing system) to the Commission’s Codes, Rules and regulations (16 NYCRR Appendix 7-H).

NYSEG has performed the calculation for determining the rates to be effective on March 1, 2010.

Also, as specified in the Orders, newspaper publication requirements of Public Service Law section 66(12)(b) have been waived. Please direct any questions pertaining to this filing to David George at (585) 771-4765 or Lori Cole at (607) 762-8710.
