Honorable Jaclyn A. Brillling, Secretary
New York State Dept. of Public Service
Three Empire State Plaza
Albany, New York 12223-1350

Dear Secretary Brillling:

The enclosed statements, issued by Rochester Gas and Electric Corporation ("RG&E" or the "Company"), are transmitted for filing in compliance with the requirements of the Public Service Commission ("PSC" or "Commission") of the State of New York:

P.S.C. No. 16 - Gas

Gas Supply Charge (GSC)	Statement Number 84	Effective: February 1, 2010
Incremental Gas Supply Charge (IGSC)	Statement Number 29	Effective: February 1, 2010
Large Transportation Service Rate Adjustment (LTSR)	Statement Number 73	Effective: February 1, 2010
Small Transportation Service Rate Adjustment (STSR)	Statement Number 73	Effective: February 1, 2010

In compliance with 16 NYCRR 720-6.5(g) and with the Commission Order issued and effective December 17, 2009 in Case 09-G-0669, In the Matter of the Filing of Annual Reconciliation of Gas Expenses and Gas Cost Recoveries, RG&E is initiating a surcharge beginning with the first billing cycle of January 2010 and continuing through December 2010, as a result of the Company's annual reconciliation of gas costs for the period September 1, 2008 to August 31, 2009.

In compliance with the Commission Order, issued and effective May 20, 2004 in Case 03-G-0766, Order Adopting Provisions of Joint Proposals with Conditions, RG&E is updating the calculation of the Merchant Function Charge (MFC) and the calculation of the Factor of Adjustment (FA). As stated in the May 20, 2004 Order, beginning January 1, 2005 and each 12-month period thereafter, the gas supply uncollectibles and gas inventory carrying charges calculations, both components of the MFC, are to be updated. Also, the FA is to be reset on January 1, 2005 and every year thereafter unless and until a new gas rate plan approved by the Commission becomes effective.

These rates will continue in effect until there are changes in the cost of gas that require modifications.

Very truly yours,
ROCHESTER GAS AND ELECTRIC CORPORATION
