Re: Case No. 09-M-0435 – Order Approving Ratepayer Credits

Dear Secretary Brillling:

National Fuel Gas Distribution Corporation (“Distribution” or the “Company”) submits the following revisions to its tariff, P.S.C. No. 8 - GAS:

Leaf No. 2	Revision 9
Leaf No. 145	Revision 4

The proposed revisions are issued as of today for an effective date of February 1, 2010.

This is a compliance filing. This filing establishes a one time bill credit of \$9.68 per account for the billing month of February 2010. There will be no monthly billing statement filed to reflect the bill credit. The Company previously received an extension request on December 29, 2009 for the bill credit to become effective February 1, 2010. Attached is a workpaper that calculates the proposed rate.

The Company requests that the requirements of Section 66 (12) (b) of the Public Service Law as to newspaper publication of the changes in this filing are waived. It was not specifically addressed in the Order and since the credit is for one month, newspaper publication is deemed unnecessary.

For questions relating to this filing, please contact the undersigned or Eric Meinl at (716) 857-7000.

Respectfully submitted,

Michael W. Reville
