Dear Secretary Brillling:

The enclosed leaf, issued by Niagara Mohawk Power Corporation d/b/a National Grid, is being transmitted for filing in accordance with the requirements of the New York State Public Service Commission ("Commission").

Second Revised Leaf No. 441

To PSC No. 220 Electricity

Effective: March 29, 2010

The purpose of this filing is of a housekeeping/conforming nature proposing to revise Special Provision L of Service Classification No. 7 – Sale of Standby Service to Customers with On-Site Generation Facilities.

Specifically, this filing proposes to revise Special Provision L – Limited Waiver of Competitive Transition Charge ("CTC") for Certain Combined Heat and Power Distributed Generation to extend the date the waiver will remain in effect from December 31, 2009 to December 31, 2011. This extension will allow qualified customers the continued waiver of the CTC applicable to the customer's Standby Contract Demand Charge through December 31, 2011.

Short notice is requested for this filing to become effective on thirty days notice due to the housekeeping/conforming nature of this revision. Also, waiver of the provisions of § 66(12) of Public Service Law and 16 NYCRR § 720-8 as to newspaper publication of this filing is requested for this filing since customers with combined heat and power distributed generation will be notified on an individual basis.
