RE: CASE 06-G-1186 – Proceeding on Motion of the Commission as to the Rates, Charges, Rules and Regulations of KeySpan Gas East Corporation d/b/a National Grid – Transportation and Balancing Collaborative

Dear Secretary Brilling:

In accordance with the Public Service Commission of the State of New York's ("Commission") "Order Approving Transportation and Balancing Collaborative Report Recommendations with Modifications" dated June 23, 2009 ("June 23rd Order"), KeySpan Gas East Corporation d/b/a National Grid ("KEDLI") hereby submits one copy of the revised tariff leaves and a supplement listed in Appendix A issued by KEDLI to its Schedule for Gas Service, PSC No. 1 on January 4, 2010 to become effective on one day's notice on January 5, 2010.

After discussions with Staff, it has been agreed that further revisions were necessary to the aforementioned leaves.

Specifically the Company is modifying its tariff to: 1) state that the Company must include the appropriate fees and charges of balancing and swing services for power generators that enter new service agreements or renew or renegotiate existing service agreements with the Company, 2) include "no harm, no foul" cash out provisions for interruptible and temperature-controlled transportation service, and 3) remove references to the Statement of Unbundled Transportation Service Cash Out Charges which has been cancelled. In the course of these discussions with Staff, KEDLI has deemed it necessary to also make housekeeping changes.

Copies of this filing are being served electronically on all active parties to this proceeding. Please contact the undersigned if you have questions or require further information.

Yours truly,

Melissa Nairn
Principal Analyst
