Re: Case No. 07-M-0548 – Order Approving Certain Commercial and Industrial
Customer Energy Efficiency Programs With Modifications and Order Approving
Multifamily Energy Efficiency Programs with Modifications

Dear Secretary Brillling:

National Fuel Gas Distribution Corporation (“Distribution” or the “Company”) submits
the following revisions to its tariff, P.S.C. No. 8 - GAS:

Leaf No. 148.9 Revision 5
Leaf No. 148.10 Revision 2
Leaf No. 212 Revision 13
Leaf No. 213 Revision 9
Leaf No. 222 Revision 16
Leaf No. 222.1 Revision 5

The proposed revisions are issued as of today for an effective date of January 1, 2010.

This is a compliance filing. The proposed amendments modify the Company’s
Conservation Incentive Program (“CIP”) funding mechanism to fund multi-family programs and
the large commercial and industrial customer market as directed by the Commission in two
recent orders: Case 07-M-0548 - Order Approving Certain Large Industrial Customer Energy
Efficiency Programs with Modifications and Rejecting Others (issued August 24, 2009); Order
Approving Multifamily Energy Efficiency Programs with Modification (issued July 27, 2009)
 (“Orders”). The proposed rates will be included in the billing statements filed with the
Commission to be effective January 1, 2010. Attached is a workpaper that calculates the
proposed rates.

Description of Amendments

The proposed amendments implement the Orders by revising General Information and
service classifications to provide a means of funding the pertinent Multifamily Energy Efficiency
and Large Industrial Customer Energy Efficiency programs from the applicable customer
classes, including customer classes not previously charged for CIP program costs under prior
approvals. Amounts sought for collection are set forth on the applicable tariff sheets and

Hon. Jaclyn A. Brillling

conform with the amounts approved in the Orders. All funds collected under the CIP recovery mechanism, including the additional funds under the Orders, are subject to reconciliation

The Company requests that the requirements of Section 66 (12) (b) of the Public Service Law as to newspaper publication of the changes in this filing are waived. Large customers will be notified via special notice (on the Company's web site and/or through a special mailing) or through such other reasonable-cost media. Accordingly, newspaper publication would be redundant and would not serve the public interest.

For questions relating to this filing, please contact the undersigned or Eric Meinl at (716) 857-7000.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Michael W. Reville', with a stylized, flowing script.

Michael W. Reville
