Reasons for Proposed Revisions

This filing is being submitted in further compliance with the Commission's Order Adopting Terms and Conditions for Non-Bypassable and Variable Commodity Charges, in Case 09-E-0227, issued and effective September 28, 2009 ("Commodity Order") and consistent with tariff revisions that were approved by the Commission in Case 08-E-0751¹. This filing consolidates revisions submitted in the aforementioned Cases. Tariff revisions were submitted on July 1, 2009 to revise the supply service offerings available by NYSEG to be effective on January 1, 2010 and subsequently approved in the Commodity Order. On October 29, 2009, NYSEG was required to file tariffs in compliance with the Reactive Order to be effective on November 1, 2009. The proposed revisions herein reflect the consolidation of these filings to ensure that the supply service offerings that were filed and approved by the Commodity Order become effective on January 1, 2010 with the correct rates that were filed in compliance with the Reactive Order.

The Company has discussed these revisions with PSC Staff.

¹ Commission's Order Adopting Reactive Power Tariffs with Modifications, issued and effective September 22, 2009, in Case 08-E-0751 (the "Reactive Order").

Newspaper Publication and SAPA

Waiver of newspaper publication was provided in Ordering Clause No. 3 of the Commodity Order. Furthermore, these revisions are “housekeeping” in nature and have no direct impact on NYSEG’s electric customers.
