Honorable Jaclyn A. Brilling, Secretary  
State of New York  
Public Service Commission  
Office of the Secretary, 19<sup>th</sup> Floor  
Three Empire State Plaza  
Albany, NY 12223

RE: Case No. 08-E-1308-Filing to Effectuate Amendments to Public Service Law Section 66-j (Net Energy Metering for Residential Solar, Farm Service and Non-Residential Solar Electric Generating Systems) and Public Service Law Section 66-l (Net Energy Metering for Residential Farm Service and Non-Residential Solar Electric Generating Systems)

Dear Secretary Brilling:

The attached leaves, issued by Niagara Mohawk Power Corporation, d/b/a National Grid ("Company"), are being transmitted for filing in compliance with the above Order of the Public Service Commission ("Commission"), State of New York.

First Revised Leaf No. 197  
Third Revised Leaf No. 417

To P.S.C. No. 220 Electricity

Effective: August 31, 2009

On August 21, 2009 an Order was issued in the above case directing the Company to make revisions to Rule No. 36 – Net Metering for Solar and Farm Waste Electric Generating Systems. Specifically, the Company was directed to file amendments to PSC No. 220 to change the rated capacity of solar electric generating equipment for non-residential, non-demand customers from 7 kW to 12 kW. This change would allow non-residential, non-demand customers to install solar net metered generating systems up to 12 kW and qualify for net-metering under Rule No. 36.

The tariff amendments implementing the provisions discussed in the body of this Order were directed to be filed on not less than one day's notice to become effective on August 31, 2009.

Also, per Ordering Clause No. 2 of this Order, the requirements of §66(12)(b) of the Public Service Law as to newspaper publication are waived.

Please contact the undersigned of any action taken regarding this filing.

Sincerely;

Patricia J. Rivers
