Dear Secretary Brillong:

Enclosed for filing with the Commission is Niagara Mohawk, d/b/a National Grid’s (“Company”) tariff amendment in compliance with the Commission’s Opinion No. 01-6, Opinion and Order Authorizing Merger and Adopting Rate Plan, issued and effective December 3, 2001 in the captioned proceeding.

Identification of Tariff Amendments

Second Revised Leaf No. 150

To P.S.C. No. 220 Electricity

Effective: January 1, 2010

Purpose of the Filing

On August 3, 2009, the Company submitted its Fourth Competitive Transition Charge Reset Compliance Filing in the above referenced proceeding (“Fourth CTC Reset Filing” or “Filing”). The purpose of this filing was to comply with Niagara Mohawk’s obligations under the Merger Rate Plan to: (i) reset its Competitive Transition Charges (“CTC”) in retail delivery rates to reflect changes in the forecast of commodity prices for the coming two years and (ii) adjust delivery rates to reflect deferral recoveries because the deferral account balance exceeded \$100 million as of June 30, 2009.

On September 4, 2009 a Petition to Amend the Fourth Competitive Transition Reset Compliance Filing (“the Petition”) was filed with the Commission requesting that Second Revised Leaf No. 150 be included with the original filing of August 3, 2009. The Company requested to amend Rule No. 29 – Delivery Charge Adjustment, specifically Rule No. 29.2.10 to increase the cap limits for the monthly Commodity Charge Adjustment (“CAC”). The attached leaf sets forth these amendments as stated in the Petition.

It is requested that this leaf become effective January 1, 2010, the effective date of the leaves presently before the Commission in this proceeding.

Newspaper Publication

Waiver of newspaper publication is requested for this filing since these requirements have been met with the original filing and are being made on August 13, August 20, August 27, and September 3, 2009 in accordance with the requirements of Public Service Law § 66(12)(b).
