Re: Cases 04-E-0952, 00-E-0165, 02-M-0514, New York State Electric & Gas  
Corporation's Advanced Metering Infrastructure (AMI) Filing

Dear Secretary Brilling:

The enclosed Supplements, issued by New York State Electric & Gas Corporation ("NYSEG" or "the Company"), are transmitted for filing in accordance with the requirements of the New York State Public Service Commission ("Commission").

Supplement No. 20 to PSC No. 120 – Electricity, Schedule for Service  
Supplement No. 18 to PSC No. 87 – Gas, Schedule for Gas Service  
Supplement No. 29 to PSC No. 88 – Gas, Schedule for Gas Service Transportation

Effective: October 1, 2009.

NYSEG is filing these cancellation supplements because the Company filed for a smart grid demonstration pilot through a Smart Grid Demonstration Program Application with the United States Department of Energy as part of the federal American Recovery and Reinvestment Act of 2009 ("ARRA"). The smart grid demonstration pilot was also filed in accordance with the Commission's July 27, 2009 *Order Authorizing Recovery of Costs Associated With Stimulus Projects*, in Case 09-E-0310 – In the Matter of the American Recovery and Reinvestment Act of 2009 – Utility filings for New York Economic Stimulus. The outcome of the smart grid pilot demonstration project proposed by the Company through the ARRA will likely influence any further decisions in the above-referenced proceedings.

If you have any questions concerning this filing, please call Lori Cole at (607) 762-8710 or me at (607) 762-7341.
