Re: Case No. 09-S-0794 - Con Edison's Steam Rate Filing

Dear Secretary Brillling:

Ordering Clause No. 3 of the Public Service Commission's Order Establishing Three-Year Steam and Gas Rate Plans and Determining East River Repowering Project Allocation Methodology, issued and effective September 22, 2010, in Case Nos. 09-S-0794, 09-G-0795, and 09-S-0029 directed Consolidated Edison Company of New York, Inc. (the "Company") to file cancellation supplements, effective on not less than one day's notice on or before September 30, 2010, canceling the tariff amendments and supplements that were filed to amend the Company's steam rate schedule, P.S.C. No. 4 – Steam.

Accordingly, Supplement No. 3 to P.S.C. No. 4 – Steam is attached. This supplement cancels the tariff leaves issued on November 6, 2009, and Supplement Nos. 1 and 2. The supplement has an effective date of September 30, 2010.

Respectfully submitted,

CONSOLIDATED EDISON COMPANY OF NEW YORK, INC.
