Re: Proposed Tariff Amendment  
for the Provision of Three-Phase Service in Residential Subdivisions

Dear Commissioners:

In accordance with Commission rules, Central Hudson hereby files the following electric tariff supplement:

P.S.C. No. 15 – Electricity

Supplement No. 55

The purpose of this filing is to postpone until November 1, 2010 the effective date of the following rate leaf, which was filed on March 25, 2010 in order revise the contribution required from an applicant in instances where the Company, during its supply configuration design process, determines that three-phase service is required to meet the anticipated electrical needs of an applicant's proposed residential subdivision in order to discharge the Company's obligation to provide safe, adequate and reliable service.

P.S.C. No. 15 – Electricity

3<sup>rd</sup> Revised Leaf No. 39

The request to postpone these tariff leaves is made to allow additional time for the Staff of the Public Service Commission to review this proposal. This supplement is filed August 17, 2010 to become effective on October 1, 2010.

Yours very truly,

Michael L. Mosher  
Vice President - Regulatory Affairs
